### VETERINARIANS

Thomas J. O'Connor is hiring a **SHELTER VETERINARIAN** looking to make a difference in the lives of people and animals in the Springfield area. As a municipal animal control facility serving approximately 4,000 animals per year, our workplace is dynamic and exciting. Every day is different and our shelter veterinarian is a valued member of a team. Our vet team includes a clinic coordinator and veterinary technician. The team has access to a state of the art digital radiograph machine, ultrasound, an on-site surgery suite, an oxygen chamber, incubators, and a dental machine. Strong partnerships with the MSPCA, Dakin, Second Chance, and other rescue groups enable us to help as many animals as possible. Benefits include paid holidays, paid time off, medical insurance, retirement, license fees, and professional membership dues, CE coverage, flexibility in scheduling and working with a creative compassionate team of animal lovers. Responsibilities include spay/Neuter of shelter pets, surgical procedures (including amputations, enucleations, cystotomy, wound repair, extractions), oversight and execution of medical protocols and licenses, diagnosis, prognosis, and treatment planning, and collection of forensic evidence, including necropsies. Please check out the official job posting at: <https://www.springfield-ma.gov/>
