# WHAT WE DO.

Nikola Corporation is a vertically integrated manufacturing and energy company. Nikola designs, manufactures and integrates electric vehicles, hydrogen stations, electric vehicle drivetrains, and components relating to electric vehicles.

PRIVILEGED &  
CONFIDENTIAL

## ELECTRIC SEMI TRUCKS

Nikola Motor Company is a pioneer in electric heavy duty applications. Nikola offers both pure electric and also hydrogen electric powertrains to cover class 6-8 in transportation.

## HYDROGEN STATIONS

Nikola is creating the largest hydrogen network in the world to power its semi trucks. Zero emissions is the goal, from energy creation to energy consumption.

## POWERSPORTS

Nikola Powersports is a pioneer in electric off road and powersport applications. Nikola currently designs electric OHVs and personal watercrafts. Similar technologies utilized to accelerate the development of the semi trucks.

# WORLD-CLASS PARTNERS.

Nikola has partnered with some of the greatest industry leaders in the world. These partnerships enabled Nikola to come to market quickly and make its' vision become reality.
