

# EAGLE PITCHER TECHNOLOGIES

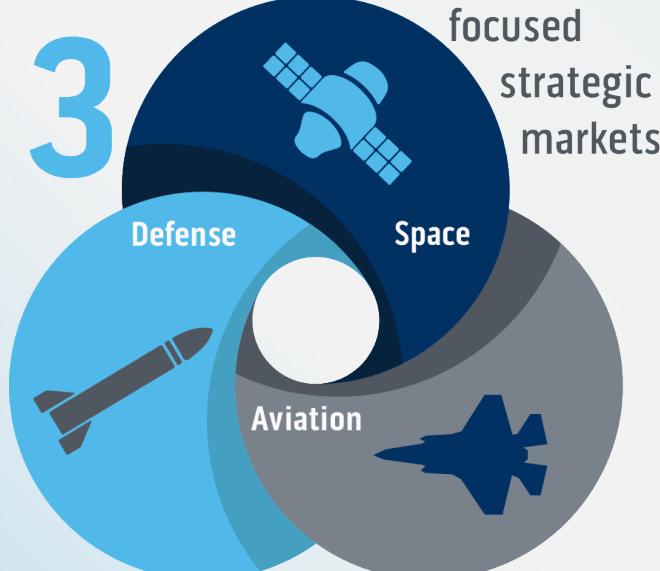

## A Superpower in Battery Technology

# EaglePicher at a Glance

Expertise in More than  
**30+** Battery Chemistries

**800+** North American team members  
**160+** engineers, scientists and chemists  
**60+** veteran and active duty team members

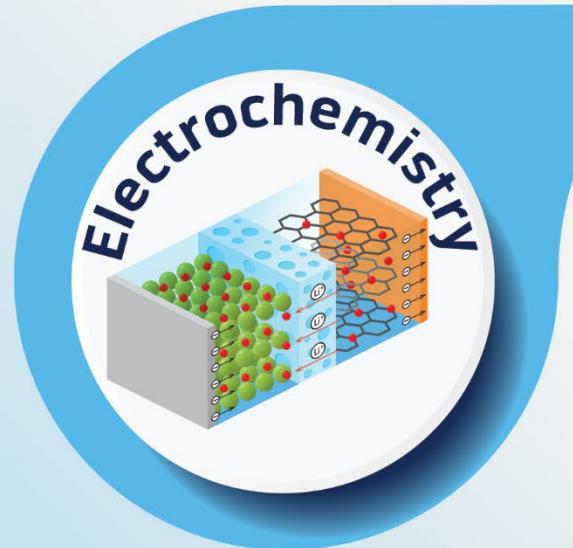

**Design,  
Develop,  
Build**

**Full  
Spectrum  
Technology**

**Integrated  
Power**

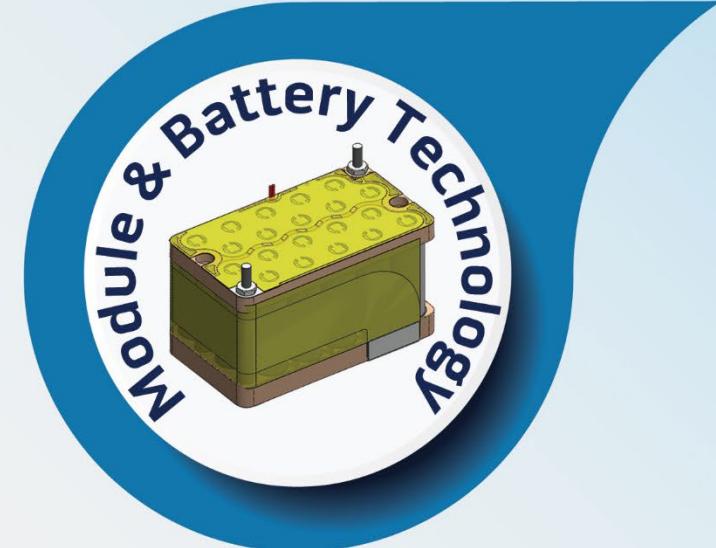

# Innovating Power Solutions

- Advanced li-ion / silicon
- Proprietary electrolytes (HP, HT, LT, RF)
- High-nickel cathodes
- Li-metal (HP, HT)
- Li/CFx/MnO2
- Alkaline battery systems

- Case and seal designs for rugged and extreme environments

- Thermal mitigation materials and designs
- Integrated fuse protection
- DO-178 aircraft compliant
- Pressure-tolerant for undersea applications

# Diversified Power
