Updates

UL 9540 – ESS Direct Injection Cooling

Two proposals UL Solutions is looking to add, and currently offer certification for, are Integral Battery Rack Direct Injection Clean Agent Coolant Systems and Water Injection Systems for BESS Battery Racks.

UL 9540 – DC ESS

Standard revision has been approved and is expected to be published Q2 2023. New certification path for manufacturers of large DC energy storage systems.

UL 1974

Battery repurposing process Standard.

CESA Safety Series

Educational content for targeted audiences.
