

Orsted Onshore North America is seeking bids for capacity from two of their operating wind projects in Illinois for MISO Zone 4 capacity for the upcoming 2026/2027 planning year, June 1 2026 – May 31 2027. Orsted will accept bids for the entire planning year or for individual seasons on either or both projects. The seasonal allocation volumes are as follows:

	<u>Lincoln Land</u>	<u>Ford Ridge</u>
Summer 2026	53.9 mw	27.6 mw
Fall 2026	35.9 mw	17.8 mw
Winter 26-27	73.9 mw	36.6 mw
<u>Spring 2027</u>	<u>56.9 mw</u>	<u>25.4 mw</u>
Total	220.6 mw	107.4 mw

Please send any questions and bids to Sean Gately SEAGA@Orsted.com and Ben Pratt BENPR@Orsted.com and submit bids by January 30th.
