Guest Activity: Beach Ecology Walk

Wednesday, July 1 from 10:00 - 11:30 a.m.

Step outside and experience the natural beauty of the coast on a guided beach ecology walk. Led by a knowledgeable guide, this leisurely stroll will explore local coastal ecosystems, wildlife, and conservation efforts, offering a deeper appreciation for the environment that makes Sea Island so special.

LOGISTICS:

Please meet in The Cloister lobby at 9:30 a.m. to walk together to the Beach Club at 9:45 a.m. Should you prefer to meet the group there, we will be meeting in the Ocean Room at the Beach Club and will begin promptly at 10:00 a.m.

ATTIRE:

Please wear comfortable clothing and shoes as we will be walking the entire time. We highly recommend wearing or bringing sunscreen, sunglasses/hats, and water bottles.
