

Read the 2026 Windows & Mirrors List

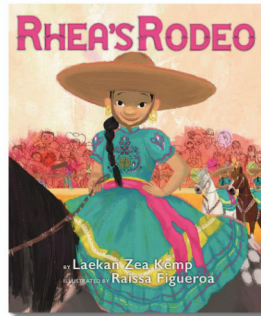

Since 2015, booksellers from independent bookstores across New England have curated an annual list of diverse and inclusive children's books known as Windows & Mirrors:

Books are sometimes windows, offering views of worlds that may be real or imagined, familiar or strange. These windows are also sliding glass doors, and readers have only to walk through in imagination to become part of whatever world has been created or recreated by the author... Literature transforms human experience and reflects it back to us, and in that reflection we can see our own lives and experiences as part of a larger human experience. – **Dr. Rudine Sims Bishop**
