Academy for Advanced Leadership in Medicine

THE ACADEMY FOR ADVANCED LEADERSHIP IN MEDICINE

is a collaboration between the New Hampshire Medical Society, the New Hampshire Hospital Association and nationally recognized thought-leaders from the University of New Hampshire's Peter T. Paul College of Business and Economics and College of Health and Human Services.

This Granite State leadership development program teaches leadership, management, communication skills, and empowers physicians, physician associates, and advanced practice nurses to foster change in their organizations and among their colleagues. Whether you are looking to refine your skills, gain insights, or strengthen your position as a healthcare leader in the Granite State, this is for you!

The Academy for Advanced Leadership in Medicine is designed to:

- Build on healthcare professionals' learning styles by providing longitudinal learning experiences through a case-based curriculum.
- Encompass learning highly relevant to healthcare and clinical life experiences.
- Accommodate busy lives by scheduling a combination of early morning Zoom sessions and full-day in-person sessions over 2 years.
- Develop practical insights and skills directly applicable to practice opportunities and challenges.
- Strengthen leadership skills across disciplines and practice settings.

The Academy for Advanced Leadership in Medicine Advisory Council provides input and oversight and includes the following members:

Program Director & Chair
Jocelyn Caple, MD

Advisory Council:

Charles Blitzer, MD

Travis Harker, MD

Deborah Harrigan, MD

Arul Mahadevan, MD

Lisa Marrache, MD

NH Medical Society:

Cathryn Stratton, CEO

NH Hospital Association

Steve Ahnen, President

The program offered a thoughtful and practical complement to traditional clinical training, helping me better understand how to lead teams, approach systems-level challenges, and contribute more meaningfully to the future of healthcare. - 2025 Alumni

Who Should Attend

The program is targeted to practicing healthcare leaders who have taken on increasing levels of responsibility in their careers and aspire to be outstanding leaders.

Ideal candidates will possess:

- A desire to help shape the future of healthcare
- A willingness to learn and grow as clinician leaders
- A drive to influence the practice of medicine in their practice or system

Benefits of Participating

Upon completion of the leadership development program, participants will have the skills and experienced to:

- Put into relevant context the importance of physician leadership in the emerging health care delivery system.
- Develop the tools needed to become effective health system leaders and make a difference
- Apply new skills and advice from instructors and colleagues for a specific project from their practice.
- UNH’s Graduate School has approved the waiver of up to two MBA elective courses (a total of 6 credits) to MBA candidates. See the website for additional information.

Apply Today!

Sponsoring Hospitals, Health Systems or Group Practices will benefit in the following ways:

- Enhanced alignment among clinicians and administrative leaders to drive operational performance
- Create a talent asset pool of potential leaders
- Lowered turnover costs, through talent retention, succession planning
- Enhanced physician recruitment and a defined development pathway for succession planning
- Cost-effective means to increase physician engagement, loyalty and retention, reducing turnover
- Higher quality, coordinated care
- Increased organizational agility and growth
- Stronger connections between current and future leaders

Continuing Medical Education

The Hanley Center for Health Leadership and Education designates this live program for a maximum of 40 AMA PRA Category 1 Credits™. Physicians should only claim credit commensurate with the extent of their participation in the activity.

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of the Hanley Center for Health Leadership and Education and NH Medical Society. The Hanley Center for Health Leadership and Education is accredited by the Maine Medical Association Committee on Continuing Medical Education and Accreditation to provide continuing medical education for physicians.

Program Eligibility Requirements

- 3-5 years of healthcare-related experience beyond residency or training.
- Commitment to complete the entire two-year curriculum.
