State Questions – August 25th Ballot

What is State Question 844?

If approved by voters, it would allow the Oklahoma state legislature to change how it reimburses schools and communities for certain manufacturing property tax (ad valorem) exemptions, including percentage of reimbursement. Currently, there is 100% reimbursement from the Oklahoma Tax Commission after it verifies claims from counties and distributes funds from the Ad Valorem Reimbursement Fund to county treasurers.

Ballot language

This measure amends article 10, section 6B of the Oklahoma Constitution. Section 6B incentivizes manufacturers to locate, expand, or acquire manufacturing facilities in Oklahoma through an ad valorem taxation exemption for five (5) years. Currently, the State must reimburse common schools, county governments, cities and towns, emergency medical services districts, vocational technical schools, junior colleges, county health departments and libraries for revenues lost as a result of each exemption provided. This measure authorizes the Legislature to enact laws establishing the levels and methodologies of reimbursement for the previously mentioned local governmental entities resulting from the manufacturing exemption. The laws are meant to ensure that no individual county receives reimbursement in an amount detrimental to other Oklahoma counties. The levels and methodologies will replace the current statutory framework for reimbursement. For the purpose of calculating the limit on indebtedness for political subdivisions, the measure requires such amount be equal to the amount of reimbursement applicable to such property under laws enacted by the Legislature. This measure will have a fiscal impact on the state that will depend on the application of the levels and methodologies adopted by the Legislature.

SHALL THE PROPOSAL BE APPROVED?

☐

FOR THE PROPOSAL – YES – 138,755 – 26.25%

☒

AGAINST THE PROPOSAL – NO – 389,735 – 73.75%

What is State Question 846?

If approved by voters, it would create broad voter identification requirements for voting, including giving the Oklahoma state legislature authority over voter ID laws. This would be done through specific language added to the state constitution: “Each voter shall present proof of identity to the appropriate election official when voting at any election authorized by law and conducted by a county election board or the State Election Board. Proof of identity shall be required for any method of voting authorized by law. The Legislature shall enact laws necessary to specify the requirements for proof of identity for voting, as required by this section.”

Ballot language

This measure adds a new section 6 to article 3 of the Oklahoma Constitution to require proof of identity to vote in any election authorized by law and conducted by a county election board or the State Election Board. The measure requires proof of identity for all authorized methods of voting. The measure requires the Legislature to enact laws to specify requirements for proof of identity for voting. The measure will not have a fiscal impact.
