

The general-election count remained incomplete early Wednesday morning because of Comanche County's delayed reporting. The results remain unofficial and provisional ballots will not be added to State Election Board totals until after 5 p.m. Friday. State and federal results are scheduled for certification on Nov. 10 unless a recount or election contest delays certification.

Election Overview - Tuesday's general election determined Oklahoma's statewide elected leadership, one U.S. Senate seat, all five U.S. House seats and the composition of the 2027 Oklahoma Legislature. Republicans swept the statewide and congressional contests and retained supermajorities in both legislative chambers. House Democrats did gain six Republican-held State House seats. Voters also rejected both statewide ballot questions.

Click here to download the results below in PDF format.

Statewide Elections - Republicans prevailed in the statewide contests, continuing the party's control of Oklahoma's executive branch. Voters selected a new governor, lieutenant governor, attorney general, superintendent of public instruction, treasurer, auditor and inspector, insurance commissioner, labor commissioner and one corporation commissioner. Former State Senator Mike Mazzei defeated Democrat Cyndi Munson in the gubernatorial election and will succeed term-limited Governor Kevin Stitt. A new administration, together with changes in other statewide offices, could introduce different policy priorities, agency leadership and budget proposals for the 2027 legislative session.

Congressional Elections - Republican Congressman Kevin Hern won Oklahoma's open U.S. Senate seat, while Republican Mark Tedford won the open U.S. House seat in Congressional District 1. Incumbent Representatives Josh Brecheen (CD 2), Frank Lucas (CD 3), Tom Cole (CD 4) and Stephanie Bice (CD 5) won reelection. The closest congressional contest was in CD 5, where Bice narrowly defeated Democrat Jena Nelson. With all precincts reporting, she led by 3,364 votes, 49.49% to 48.22%.

State Legislature - Republicans retained supermajorities in both chambers. The Oklahoma Legislature will welcome **thirty-two (32)** new freshmen legislators, **seven (7)** in the Senate and **twenty-five (25)** in the house. The House Democrats flipped six Republican-held House seats in districts 64, 75, 83, 84, 95 and 100 and the State Senate defended their eight incumbent senate seats.

State Senate - The partisan balance of the Senate remains unchanged at **40 Republicans** and **8 Democrats**. All eight incumbent senators seeking reelection retained their seats, and **seven (7)** new Republican senators are expected to join the senate.

State House - Democrats captured six Republican-held House seats, defeating five Republican incumbents and winning one open seat. Four pickups were in the Oklahoma City metropolitan area, one in the Tulsa area and one in Lawton. Republicans retain a substantial **75** to **26** majority. The incoming House is expected to include **15 new Republican** members and **10 new Democrat** members.

1. Dalton Gau defeated Rep. Eric Roberts in HD 83
2. Jeffrey Perez defeated Rep. Tammy West in HD 84
3. Tegan Malone defeated Rep. Max Wolfley in HD 95
4. Chaunté Gilmore defeated Rep. Marilyn Stark in HD 100
5. Joe Watkins defeated Rep. T.J. Marti in HD 75
6. Kathy Suttles defeated Louis Jackson in HD 64, the open seated vacated by Rep. Randy Worthen.

State Questions - Oklahoma voters rejected both statewide ballot measures: State Question 845, concerning the Judicial Nominating Commission, and State Question 847, concerning property tax assessment limits.

Looking Ahead to the 2027 Session - Republicans continue to control state government and both legislative chambers, the transition to a new governor and other statewide elected officials will create opportunities for changes in executive priorities and budget negotiations.

Oklahoma Statewide General Results

Governor - Republican Runoff

Republican Mike Mazzei defeated Democrat Cyndi Munson, Independent Billy Wagner, Independent Robert E. Brooks and Independent Orlando Lynn Bush on November 3rd to become Oklahoma's 29th Governor.

State Questions – November 3rd Ballot

STATE QUESTION 845

Altering the Judicial Nominating Committee

The Oklahoma Judicial Nominating Commission nominates candidates for state justices and judges to the governor when there are vacancies. This measure would change how the Judicial Nominating Commission is organized and how its members are selected. The governor and the Oklahoma Bar Association would each appoint six members to the commission — including one from each of the state's current congressional districts — and then at least eight of those twelve members would choose three additional at-large members. The proposal would remove limits on how many commission members can be lawyers, and would allow people with close family members who practice law to serve. The measure would shorten the terms of the at-large members to two years while keeping six-year terms for the selected appointed members. It would also remove the constitutional requirement of having balanced political party representation for the members appointed by the governor and the three at-large members, which means a greater number of commissioners can be from the same party.

- **FOR THE PROPOSAL – YES –** 293,126 – 27.47%
- **AGAINST THE PROPOSAL – NO – 773,967 – 72.53%**

STATE QUESTION 847

Reforming Property Tax Caps

This measure is a legislatively referred constitutional amendment that would change how much the taxable value of property in Oklahoma can increase each year. Starting in 2027, the annual increase in fair cash value would be lowered from 5% to 4% for most real property and from 3% to 1.75% for homes and agricultural land. The measure would also change the property tax rules for homeowners age 65 and older. Instead of an all-or-nothing freeze based on whether the household income is at or below the HUD median income for the county, the annual increase would be tiered. Seniors with incomes at or below the median income for their area would still have no increase in their home's taxable value, while seniors with higher incomes would have the increase limited, based on the percentage their income is over the median county

income, to a range from 0.35% to 1.75% annually. The fiscal impact on the state is unable to be calculated prior to a vote on the measure.

- **FOR THE PROPOSAL – YES –** 491,521 – 45.74%
- **AGAINST THE PROPOSAL – NO – 583,042 – 54.26%**
