

Successful Shifts to Leadership – *The journey from coworker to supervisor*

(75 Minutes) (10/12/23 - 10:15 – 11:30 am) – Rich George

About this Session: In this interactive program inspired by Rich's book, *The Twelve C's of an Exceptional Leader*, participants will face the challenges of being promoted from peer or coworker to supervisor or boss. Rich will share the habits he learned and processes to which he became addicted have enabled him to thrive. Leaders and aspiring leaders will be able to discover which of the C's are their own personal strengths and gain an understanding of how they can leverage these strengths into a more powerful leadership brand.

(Note to Lyceum Graduates – Portions of the program are redundant with the lyceum leadership program)

Learning Objectives:

- a.** Participants will discover the challenges presented by being promoted
- b.** Participants will develop strategies to overcome these challenges
- c.** Participants will experience practical examples of each of the C's
- d.** Participants will discover which of the C's are their own personal strengths
- e.** Participants will understand how they can leverage their own personal leadership strengths
