

Office-Based Anesthesia: **NUTS AND BOLTS**

A Joint Meeting Presented by the ASDA and SAMBA

September 13, 2014 | Gaylord Opryland Resort & Convention Center | Nashville, TN

Jointly sponsored by

American Society of
Anesthesiologists 

PROGRAM INFORMATION

Target Audience

This meeting is designed for anesthesiologists and anesthesia providers and practitioners who specialize in ambulatory or office-based anesthesia.

About This Meeting

Topics for this meeting were selected by a joint committee on office-based anesthesia by the Society for Ambulatory Anesthesia and the American Society of Dentist Anesthesiologists, as well as by board members, reviews of published literature with the highest impact on the specialty, and by soliciting suggestions from members of SAMBA and ASDA who are active in the clinical practice of ambulatory anesthesia.

The purpose of this meeting is to educate and share information that will enable office-based practitioners to provide the highest level of ambulatory anesthesia services and improve patient outcomes.

ACCME Accreditation and Designation Statements

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint sponsorship of the American Society of Anesthesiologists and the Society for Ambulatory Anesthesia. The American Society of Anesthesiologists is accredited by the ACCME to provide continuing medical education for physicians.

The American Society of Anesthesiologists designates this live activity for a maximum of 6.75 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

ADA CERP® | Continuing Education Recognition Program

Disclosure Policy

The American Society of Anesthesiologists and the Society for Ambulatory Anesthesia adhere to ACCME's Essential Areas, Standards, and Policies regarding industry support of continuing medical education. Disclosure of the planning committee and faculty's commercial relationships will be made known at the activity. Speakers are required to openly disclose limitations of data and/or any discussion of any off-label, experimental, or investigational uses of drugs or devices in their presentations.

The American Society of Dentist Anesthesiologists is an ADA CERP provider of continuing education, and adheres to all ADA CERP standards and guidelines.

Disclaimer

The information provided at this activity is for continuing medical education purposes only and is not meant to substitute for the independent medical judgment of a physician relative to diagnostic and treatment options of a specific patient's medical condition.

Statement of Need

The Office-Based Anesthesia Conference provides a forum devoted exclusively to office-based anesthesia at which leaders in the field present clinical updates as well as resources for practice management.

Resolutions of Conflicts of Interests

In accordance with the ACCME Standards for Commercial Support of CME, ASA and SAMBA will implement mechanisms, prior to the planning and implementation of CME activity, to identify and resolve conflicts of interest for all individuals in a position to control content of this CME activity.

In accordance with the ADA CERP Standards for Commercial Support, ASDA will ensure resolution of any potential conflicts of interest.

Special Needs

SAMBA and ASDA fully comply with the legal requirements of the Americans with Disabilities Act and the rules and regulations thereof. If any attendee in this educational activity is in need of accommodations, please contact SAMBA at 312-321-6872.

OBJECTIVES

- ▶ Identify how to prepare for the unique anesthesia requirements that come with extremes of age in an office-based practice
- ▶ List the factors which determine fiscal viability of an office-based anesthesia practice
- ▶ Describe key elements relating to surgical procedures that determine suitability for office-based practices
- ▶ Review current regulatory trends changes affecting office-based anesthesia
