Discover New Possibilities with SBI

Like you, SBI members share a common goal: advancing breast health care. Join our community to collaborate with experts, gain inspiration, and create career opportunities. Together, we make a meaningful impact on patient outcomes through our shared passion for breast imaging.

- **Exclusive Focus:** This is the only association dedicated solely to breast imaging professionals. Help advance the field of breast imaging and enhance your professional development with live and on-demand educational offerings throughout the year.
- **Collaborative Network:** Your peers are here for you. Join SBI and draw on our members' collective expertise in the SBI Connect platform and during the annual SBI Breast Imaging Symposium. SBI offers networking opportunities with other breast imaging professionals that help you build your skills and knowledge base, no matter where you are in your career.
- **Inclusive Environment:** SBI is dedicated to embracing and promoting an environment that is diverse, equitable, and inclusive that fosters a culture of belonging throughout the organization where all members feel valued, safe, welcomed, and empowered.
- **Comprehensive Resources:** The Journal of Breast Imaging is the only peer-reviewed journal dedicated to breast imaging. With access to groundbreaking content in JBI, along with white papers, SBI Weekly News and quarterly updates in the SBI News, you can enhance your knowledge with evidence-based research and proven best practices.
- **Global Impact:** Through International Education Outreach, SBI partners with emerging breast imaging societies throughout the world, Rad-Aid, and Radiology Across Borders to improve knowledge and clinical care. By doing so, we ensure that members benefit from diverse perspectives and that educational content is shared to improve breast imaging worldwide.

Our Vision

Breast cancer mortality and suffering is minimized for patients, their families, and society.

Our Mission

For members to be expert and authoritative breast imagers working in supportive practice environments who advance the highest quality of breast care via early detection, diagnosis, and treatment.

Join SBI today and find your professional community.

About SBI

The Society of Breast Imaging is the largest organization that exclusively supports breast imaging professionals. By coming together to explore comprehensive resources, exchange innovative ideas and stay current on best practices and the latest technologies, our members hone their capability to deliver superior care — and build upon their specialized expertise that helps save lives. The SBI community advances breast imaging through research and education in pursuit of the ultimate goal — to ensure breast cancer mortality and suffering is minimized for patients, their families, and society.
