OVERVIEW

We are excited to welcome you to the 66th Anniversary of the SPR Annual Meeting & Postgraduate Course as we “Remember the Past and Prepare for the Future” of Pediatric Radiology. This meeting will bring the pediatric radiology community together to learn more about state-of-the-art pediatric imaging and its positive impact on the children we serve. Spanning the first three days, the Annual Meeting will include numerous concurrent scientific and midday sessions in addition to special featured lectures and the ever-popular SPR Jeopardy session. Focused sessions on diversity, equity, inclusion, wellness, and professionalism will be interspersed throughout.

The Annual Meeting will be followed by concurrent one-day Postgraduate Courses — A Postgraduate Clinical Course: A Multimodality Approach and a Postgraduate Nonclinical Skills Course: Practical Professional Pearls. We look forward to connecting with you as we remember the past and prepare for the future of pediatric radiology together!

LEARNING OBJECTIVES

At the conclusion of the Annual Meeting & Postgraduate Course attendees should be able to:

1. Summarize the most current information on state-of-the-art pediatric imaging and the practice of pediatric radiology.
2. Describe new technologies for pediatric imaging.
3. Recognize trends in research concerning the care and imaging of pediatric patients.
4. Identify opportunities for personal development including career growth, professionalism, and wellness.

ACCREDITATION STATEMENT

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education through the joint providership of The American College of Radiology and The Society for Pediatric Radiology. The American College of Radiology is accredited by the ACCME to provide continuing medical education for physicians.

CREDIT DESIGNATION STATEMENT

The American College of Radiology designates this live activity for a maximum of 26 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

EVALUATION | CREDIT CLAIMING

To complete the required activity evaluation, claim credit and obtain a credit certificate, you must access the SPR 2023 activity within the SPR Online Learning Center – XPress (<https://myedu.spr.org/p/SPR2023>). All attendees have access to the SPR 2023 activity via the link above beginning the week before the meeting. The activity evaluation must be completed in order to claim credit. The username and password required to access XPress are the same as those used to log into the SPR website. Please see the staff at the Registration Desk onsite with questions or email us at info@spr.org.

DISCLOSURE OF RELEVANT FINANCIAL RELATIONSHIPS

Full disclosure information can be accessed via the SPR 2023 activity within the SPR Online Learning Center – XPress: <https://myedu.spr.org/p/SPR2023>

DISCLOSURE OF COMMERCIAL SUPPORT

Acknowledgement of commercial support will be listed as it becomes available.

INTERNET ACCESS

Internet access will be available throughout the meeting space using the following credentials:

HEALTH & SAFETY MEASURES

The SPR is committed to the health and safety of all those attending the Annual Meeting & Postgraduate Course. For the most up-to-date information on SPR 2023 health and safety precautions and requirements, visit the SPR website.

We will continue to monitor CDC recommendations and will update safety measures as appropriate.

HYBRID SESSIONS — IN-PERSON + LIVE ONLINE

To meet the growing demand for remote learning, the planning committee has designated a track within the program to be broadcast live online via the Zoom Webinar platform (slides and audio only). Sessions included in this In-Person + Live Online Track are designated as a “Hybrid Session” within the program. Both in-person registrants and those registered for only Live Online participation will have access to the broadcast to offer flexibility to our in-person learners as well.

The link to the live broadcast of the hybrid sessions is available via the SPR 2023 activity within the SPR Online Learning Center – XPress (<https://myedu.spr.org/p/SPR2023>). All attendees have access to the SPR 2023 activity via the link above beginning the week before the meeting.

On-demand viewing will not be an option. Live participation, either in-person or remotely, is required for attendance and credit claiming. An enduring, on-demand offering will be created from the session recordings and offered for purchase following the meeting. Access to the on-demand recordings is not included in the cost of registration for the live meeting.

ELECTRONIC POSTERS (NON-CME)

Scientific, Educational, and Case Report poster exhibits are available for viewing from personal devices via the SPR Poster Archive Site — <https://myedu.spr.org/p/SPR2023>. Make sure to browse the excellent 2023 posters!

ONLINE CASES OF THE DAY COMPETITION (NON-CME)

Tuesday, May 16 – Thursday, May 18

On each day of the Annual Meeting, a web-based “Case of the Day” competition will feature six new unknown cases in various categories to challenge your pediatric radiology knowledge. To participate, visit <https://www.sprcod.org> on your mobile device. After completing a simple one-time registration process, you will be able to view cases and submit your answers online beginning at 12:00 AM daily. This activity will be available to both attendees and those not registered, so feel free to pass the link along to your colleagues! Winners of the competition will be announced Thursday evening during the Annual Banquet.

PROTOCOL SESSIONS (NON-CME)

Wednesday, May 17, 7:00 – 7:50 AM

CT – Grand Ballroom H

MR – Grand Ballroom JK

Ultrasound – Meeting Room 616

Protocol refinement and problem-solving sessions will be offered again this year. The goal of these sessions is to develop, through discussion and interaction, manufacturer-specific CT, MR, and US protocol improvements. Come prepared with your specific questions and challenges! The discussion will be led by experts in the field who have hands-on experience with the equipment operation and protocol design. Vendors will also have representatives present, who can respond to questions about trouble with specific exam types, sequencing, best sequencing processes, image optimization, dose reduction, etc.

EARLY CAREER & TRAINEE SPECIAL PROGRAMMING

Tuesday, May 16

Luncheon – 12:15 – 1:15 PM (Meeting Room 616)**Speed Mentoring** – 4:00 – 5:00 PM (Meeting Room 616)*(Lunch provided for the first 60 participants on a first-come, first-served basis)*

Come connect, and have fun with your colleagues and friends at the Early Career & Trainee Luncheon and Speed Mentoring Session! You will not want to miss these events designed especially for our early career and trainee attendees!

SPR RESEARCH AND EDUCATION FOUNDATION SYMPOSIUM

Tuesday, May 16, 4:00 – 5:00 PM

Grand Ballroom H

Gather with your colleagues as we hear about the great work made possible by the REF! Updates from recipients of past REF grants will serve to both educate and inspire!
