

Pediatric Special Interest Group Request

The mission of the WIN pediatric special interest group (SIG) is to foster connections and community that contribute to high quality health care for infants, children, adolescents, and their families through research, scholarly projects (evidence-based practice, quality improvement), education, advocacy, and mentorship.

Contact: Kristi K. Westphaln PhD, RN, CPNP-PC

Assistant Professor, University of California Los Angeles School of Nursing

email: kwestphaln@sonnet.ucla.edu

Founding Members:

Perry Gee PhD, RN, NEA-BC, FAAN perry.gee@imail.org

Teri Hernandez PhD, RN, FAAN Teri.hernandez@CUAnschutz.edu

Marie Lobo PhD, RN, FAAN Mlobo@salud.unm.edu

Annette Nasr PhD, RN, MPA, NE-BC, FAAN ANasr@stanfordchildrens.org

Nancy Pike PhD, RN, CPNP-AC/PC, FAHA, FAAN napike@hs.uci.edu

Elaine Walsh PhD, RN, PMHCNS-BC, FAAN emwalsh@uw.edu

Kristi Westphaln PhD, RN, CPNP-PC kwestphaln@sonnet.ucla.edu

Teri Moser Woo PhD, RN, ARNP, CPNP-PC, CNL, FAANP teriwoo@woofamily5.net

Meetings:

We propose meeting a minimum of twice per year via zoom in addition to meeting in person at the annual WIN Conference.

Meeting Log:

First Meeting: Wednesday April 9, 2025 from 7-8am at the WIN 2025 Conference

Priority Ideas for 2025-2026:

- 1. Host a pediatric poster walk at the Conference each year (pilot = WIN 2026)**
- 2. Support a pediatric symposium at WIN**
- 3. Advocacy Work**
- 4. Webinar about navigating a career in pediatric-focused research (mentoring)**

Additional Ideas

1. How to support publication: Lots of discussion at AFPNP session at NAPNAP this year about the quality of pediatric DNP projects and how to go about successful publication – could brainstorm more ideas about this
2. Mentoring for students, clinician nurses, early career researchers, and faculty
3. Could consider a peds SIG best poster award
4. Collaborate with other peds folks from MNRS, ERNS, SNRS, and/or National Pediatric Nurse Scientist Collaborative and The National Doctorate of Nursing Practice Collaborative
