2024 Symposium Accepted!

“Haciendo y Deshaciendo”: Latino/x Nurse Researchers Forging Spaces for Health Equity

We are delighted to announce that this year's Latino/x Special Interest Group symposium submission was ACCEPTED. We will present at the annual conference in Salt Lake City, Utah.

Featured speakers (presentation order): [Fernando Fierro](#), RN, MSN, MPH, [Ali Tayyeb](#), PhD, RN, NPD-BC, PHN, FAAN, [Adrienne Martinez-Hollingsworth](#), PhD, RN, PHN, [Diane Breckenridge](#), PhD, RN, ANEF, FAAN, and [Lisa Diaz](#), RN, MSN, CDCES.

This mixed-method symposium explores the question "How are changing social and environmental climates being addressed by contemporary Latino/x health nurse scientists across academic, clinical and community spaces?"

Our presenters highlight gaps in current research and systems of care, while describing successful efforts to support the recruitment, training and retention of Latino/x nurse clinicians, educators and researchers.

The four topics our presenters will cover a broad range of topics. These include a recruitment strategy addressing structural, financial, and logistical barriers impeding enrollment of Latino/x Licensed Vocational Nurses in a RN pipeline program; a higher education project exploring translation of a vetted Strategies for Success (S4S) method in a Latino/x prelicensure nursing cohort; a literature review exploring gender diversity in diabetes research studies among Latinos/x participants; and, a marketing strategy implementation project for a regional Latino/x Special Interest Group (SIG) supporting recruitment/retention of working Latino/x nurse scientists and clinicians.

Haciendo y Deshaciendo”, or the “doing and undoing” of historically exclusionary spaces in nursing education, research and practice requires an ongoing recognition of the persistent impact of the social and environmental climates on inclusion across the nursing pipeline. This symposium offers promising strategies to create these supportive spaces and improve health equity among US Latinos/x.

17-20 APRIL 2024
SALT LAKE CITY, UTAH

Expert Tips

REGISTER EARLY
Register early and reserve your spot! Early registration provides you discounts on the conference, hotel, and transportation!

REGISTER NOW

ATTEND POSTER AND RESEARCH SESSIONS:
Choose sessions that align with your interests, current challenges, or areas where you want to expand your knowledge. Take notes, ask questions, and actively engage with the speakers and other attendees.

NETWORK WITH PEERS
Attend networking events, social gatherings, and approach people during breaks. Share your experiences, listen to others, and exchange ideas. Networking can lead to valuable professional connections, collaborations, and friendships.

VISIT EXHIBITS AND VENDOR BOOTHS
Explore the exhibition area where vendors and organizations showcase their latest products. Collect informational materials and don't forget the TCOTCHKIES!

COME PREPARED...

- Update your Resume/CV and have it electronically available and ready to send.
- Bring your business card - Physical or electronic
- Dress business comfortable. Days can be long.

Happy New Year!

Our group's goal is to increase interest in, access to and support for nurse scholarship on Latino/x health across the Western US.

Please remember the *WIN Latino/x SIG* as you plan your annual service commitments and consider joining our team.

As a **100% volunteer organization**, we do not currently accept donations, but rely on our members to provide support for our mission and work.

We welcome your talents, insight and energy to help us improve Latino/x health at home and abroad.

Contact us: latinxsign@gnursing@gmail.com; Lamuralist@yahoo.com

New Logo

Big thanks to Dr.s Jaime-Lara and Tayyeb for updating our look with a new logo and website! This logo replaces our historic look that has been around since the beginning of the group and was approved by the annual 2023 meeting attendees. We believe this new logo moves us away from a purely scientific focus on Latino/x health (portrayed in the earlier logo) and emphasizes the diversity we represent and the collaborative spirit of our SIG moving forward.

Echale Ganas!

Three of our SIG board members are being honored by nursing associations.

Dr. Ali Tayyeb, PhD, RN, NPD-BC, PHN, *FAAN*,
WIN Latino/ x SIG Director of Communications

Dr. Tayyeb has been awarded Fellow status by the American Academy of Nursing (FAAN). As a FAAN, Dr. Tayyeb will use his unique background and training as a United States Navy Veteran, and doctorally-prepared Registered Nurse with experience in combat trauma, emergency medicine, education, Human Patient Simulation, Professional Development, Leadership, Veterans Healthcare, and Policy to support health equity at the national level.

According to their website, the AAN Fellows are “nursing leaders in education, management, practice and research.” Beyond the honor of the recognition, FAANs have “a responsibility to contribute their time and energies to the Academy, and to engage with other health leaders outside the Academy in transforming America's health system.”

Dr. Tayyeb is a Jonas Veterans Healthcare Scholar Alumnus and is also the Creator, Producer, and Host of the RN-Mentor Podcast and Blog. He is also the creator of RN-Doodle, DOC's Veterans Corner, & Zero Dark Thirty. ***Congratulations, Dr. Tayyeb!***

Echale Ganas! Continued...

WIN Latino/x SIG is pleased to announce that two (2) distinguished nurse leaders and group members, Dr. Heather Coats and Dr. Adrienne Martinez-Hollingsworth, will be inducted into the [Western Academy of Nurses \(WAN\)](#) in 2024.

Established in 1989, the Western Academy of Nurses recognizes nurses who have been actively engaged in WIN over a number of years and who have demonstrated excellence in nursing research, practice, and/or education.

Dr. Heather Coats has been a member of WIN since 2006. Early in her academic career as a student, she saw the value of WIN's tripartite mission of education, research and practice. During her PhD, she held the elected board position of Governor Representative for Student Members. This role allowed her ample opportunities to see first-hand the WIN mission carried out.

**Heather Coats PhD,
MS, APRN-BC**
Assistant Professor,
University of Colorado

Dr. Coats has been a member of the WIN Latino/x SIG since her PhD training, when faculty mentor, Janice Crist, invited her to join. She currently serves as the group co-chair and provides ongoing support and mentorship to the group.

Dr. Coats reports "it has been a pleasure to support this SIG to see its evolving growth". After her board positions, she has continued to serve WIN on two committees—the Development Committee and Nominating Committee, both as a member and chair of these committees. From this longevity of service to WIN, she was invited by the Board and currently serves as the interim Governor-at-Large board position for 2023-2024. Her sustained dedication has been truly inspiring!

Dr. Adrienne Martinez-Hollingsworth has been a member of WIN since 2017 when she initially joined the Latino/x SIG as a student and current serves as a co-chair.

Directly mentored by Dr. Coats and group founders Dr. Crist, Dr. Phillips and Dr. Reifsnider, Dr. Martinez-Hollingsworth has led the symposium assembly and submission for the past four years and has contributed to the expansion of the group to include year-round activities and the development of a social media presence and a website.

"I believe we have a tremendous resource in our nurse scientist members across the Western states. I learned much of what it means to be a Latino/x health equity researcher from the generous support of our SIG. As a co-chair, I want to extend that same support to our young scholars."

**Adrienne Martinez-
Hollingsworth
PhD, RN, PHN**
Director of Research
& Evaluation, AltaMed

Annual Meeting

Thanks to all who came to our early morning meeting in 2023. Many new faces and potential collaborators!

In our 2024 meeting, we will be discussing:

- Open Leadership Positions
- A new focus on MSN/PhD/DNP student mentorship
- The 2025 Symposium Submission
- Editing a book of essays
- Starting our Journal
- Membership dues & sponsorship opportunities
- Representatives from the NHS3 will be introducing their study & partnership opportunities

2023 attendees- SIG members Dr. Sally Moyce and Dr. Edna Esquer

“Speed Dating for Academics”

In the spirit of meeting new collaborators across the Western states, we will be bringing back our “speed dating for academics” activity. Attendees at the annual Latino/x SIG meeting will pick a party hat based on their research interest and given 2 minutes (timed) to meet someone else in the room wearing the same hat design.

With any luck, new partnerships will inform our 2025 submission!

Looking for Latino/x SIG Leaders!!!

Running the Latino/x WIN Special Interest Group takes a village!

Available **Positions:**

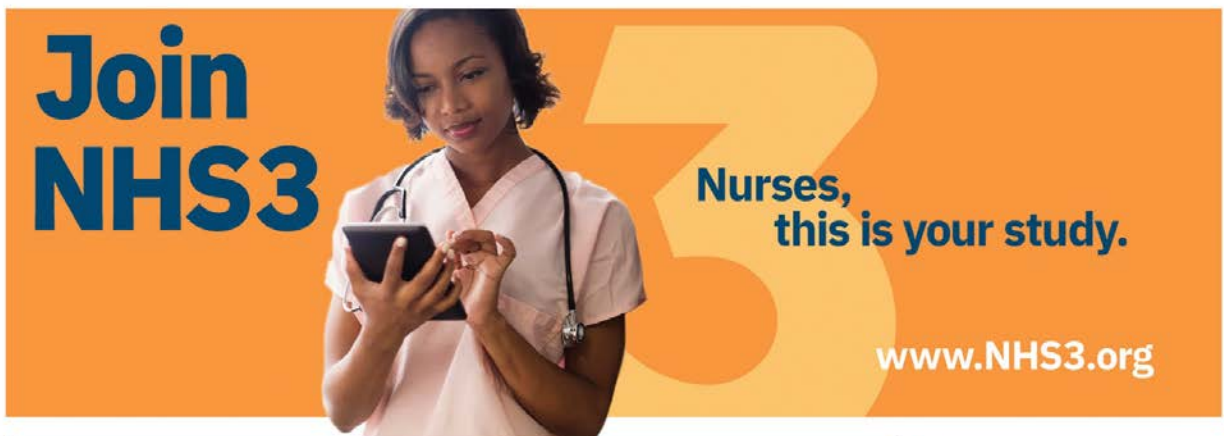

Staff Writer(s)
Social Media Intern(s)
Planning Committee Members
Comptroller
Co-Chair(s)-in-Training
Mentor(s)

Please go to our website to request more information.
All are welcome to apply.

The Nurses' Health Study

- The Nurses' Health Studies are the largest, longest running investigations of health and wellness in the world. The Nurses' Health Study began in 1976 with over 120,000 female nurses nationwide. Several years later, NHS2 began in 1989 nearly doubling the cohort. In 2010 NHS3 was formed and is currently enrolling participants.
- The original focus of NHS was on contraceptive methods, smoking, cancer, and heart disease, but has expanded over time to include research on many other lifestyle factors, behaviors, personal characteristics, occupational and environmental exposures and more than 30 diseases and conditions. Racial and ethnic minorities continue to be underrepresented in medical research; NHS3 aims to represent nurses of diverse backgrounds. Participation has expanded to include nurses and nursing students of any gender living in the US and Canada.
- NHS3 is currently enrolling participants to complete 30-minute questionnaires every 6 months. To be eligible for enrollment participants must meet the criteria below. For more information on NHS3, being a participant, or how you can help us continue to transform medical care and public health visit www.nhs3.org or email nhs3@channing.harvard.edu.

Join NHS3

Nurses, this is your study.

www.NHS3.org

The banner features a central image of a nurse in white scrubs looking at a tablet. The background is orange with a large, stylized number '3'.

The new generation of the Nurses' Health Study

NHS3 is recruiting 100,000 nurses to participate in research on reproductive health, cancer, the role of the workplace on nurses' health, chronic disease, and more!

Our goal is to build a cohort that reflects the diversity of the nursing profession today.

Please join us!

- Nurses or nursing students of any gender
- Living in the US or Canada
- Born after January 1, 1965

Participation in our web-based questionnaires takes about one hour per year.

OPEN POSITION: Associate Dean/Director, School of Nursing (3649)

The School of Nursing in the College of Health at Idaho State University, Pocatello – Main
<https://isu.esod.com/ux/lats/careersite/5/home/requisition/2073?c=isu>

Job Description

Idaho State University (ISU), established in 1901, is a Carnegie-classified doctoral research and teaching institution, with a culture built on trust, compassion, stability, and hope. ISU serves over 12,000 students in Pocatello, Meridian, Twin Falls, and Idaho Falls. ISU is Idaho's premiere university for the health sciences. ISU's Kasiska Division of Health Science (KDHS) operates on two campuses, one in Pocatello (southeastern Idaho) and another in Meridian (southwestern Idaho). The Pocatello campus is located 2 hours South of Yellowstone National Park and the Meridian campus is located in the rapidly growing Treasure Valley area which is home to the state's capital city Boise. Students and faculty at ISU are leading the way in cutting-edge research and innovative solutions. We are proud to offer exceptional academics nestled in the grand, natural beauty of the West. We invite you to apply to be a part of our University community!

ISU's College of Health (COH) invites applications and nominations for the position of Associate Dean/Director

of the School of Nursing in the College of Health. The School of Nursing celebrated its 60th anniversary celebration in 2016. The School of Nursing offers the undergraduate degrees in nursing (RN-BSN, accelerated nursing and the traditional baccalaureate (BSN)) with approximately 225 students, masters (MSN) with approximately 12 students, doctor of nursing practice (DNP) with approximately 100 students, and doctor of philosophy (PhD) in nursing with approximately 10 students. The School of Nursing is a member of the COH, which is home to 17 distinct disciplines, 12 departments, 41 programs and 178 faculty and staff. The College of Health supports over 4000 students and serves the state-wide mission to educate health care professionals. The School of Nursing has 19 full time faculty and 9 staff. The Associate Dean/Director of the School of Nursing reports to the Dean of the College of Health and is a 12-month position. The Associate Dean/Director will be located at the main campus in Pocatello.

Minimum Qualifications

The ideal candidate will have the following qualifications:

- A terminal research degree in nursing or a related field from an accredited institution
- Eligible for a RN license in Idaho
- An accomplished academician
- A well-established and progressive record of scholarly research and peer-reviewed publications consistent with the appointment in a tenured senior academic rank
- At least 2 years previous experience directing an undergraduate or graduate program in nursing
- At least 2 years budget creation and management experience
- At least 2 years assessing programmatic and student learning outcomes
- Experience with accreditation
- Candidates should also have outstanding communication skills
- Commitment to diversity and inclusion
- Commitment to building necessary partnerships in support of excellence

Preferred Qualification

- Experience working with diverse groups
- Outstanding organization skills
- Innovative vision for the future

Additional Information

You must submit your CV/resume, cover letter, and list of three (3) professional references, including current contact information. This position will remain open until it is filled; however, priority consideration will be given to applications received prior to February 15, 2024. Salary will be commensurate with education and experience. Benefits include comprehensive health, dental, and vision; life insurance; disability plan; employee assistance program (EAP); excellent retirement options and company contribution; and generous paid time off/sick leave accrual. All offers of employment are conditional pending the successful completion of a background investigation, provided by HireRight.

Posting Number: req2073

Type: Working 12 months per year; Position: Faculty Tenure Track; Division: Division of Health Sciences

Want to present at WIN in 2025?

Curious about the process?

Attend the 1st
Symposium
Planning Meeting,

Bring Ideas to the
2nd Symposium
Planning Meeting

- Be prepared to present a 5-minute overview of your project and how it connects to the conference theme.
- Attendees will discuss overall fit with SIG intent/purpose.

If chosen*, be
willing to accept
feedback/support
on presentation

- Our team will work closely with you from Aug-Oct to develop your idea and organize your presentation.
- Abstracts are due **Oct 15, 2024**.

* If not selected, or not planning to submit an abstract, we still value your help reviewing abstracts and leading activities at the conference.
